

Stronger Together. Built For You.

Three Great Companies. One Standard of Excellence.

ULT Powertrain Group, Capital Gear, and HDX Reman are proud to announce the formation of Allied Powertrain Group, a strategic North American partnership created to deliver the industry's most complete Powertrain solutions platform across both the United States and Canada.

Targeting a September 1, 2026 launch, the partnership combines the manufacturing expertise, distribution capabilities, technical resources, and customer relationships of three respected organizations into one unified enterprise focused on customer success.

One North American Solution

The commercial vehicle industry is evolving rapidly, requiring broader product coverage, greater inventory availability, faster response times, and stronger technical support. Allied Powertrain Group has been created to meet those demands.

By bringing together complementary strengths, Allied Powertrain Group will offer customers:

- Expanded North American inventory
- Faster product availability
- Accelerated new product development
- Enhanced technical support
- Greater manufacturing capacity
- Improved supply chain efficiency
- Consistent service across the U.S. and Canada

Industry-Leading Product Portfolio

Allied Powertrain Group will provide one of the industry's most comprehensive Powertrain offerings, including:

- | | |
|---|---|
| • Allison Automatic Transmissions | • Mack/Volvo I-Shift Heavy-Duty Differentials |
| • Heavy-Duty Manual Transmissions | • Steering Systems |
| • Automated Manual Transmissions | • Light-Duty Transmissions |
| • Detroit DT12 | • Fluid Power Solutions |
| • Eaton Endurant | • Truck Mounted Equipment |
| • Eaton Fuller AMT | |
| • Off Highway Transmissions, Differentials, Transfer Cases and complete Axles | |

With combined engineering, manufacturing, and distribution expertise, Allied Powertrain Group will continue investing in new product development, expanded inventory, and technical support to strengthen OEM dealers and independent distributors across North America. Our commitment is to help our partners better serve their customers while maintaining channel integrity and eliminating channel conflict.

Built for Growth

Allied Powertrain Group is more than a partnership—it's a long-term commitment to building the strongest independent powertrain organization in North America.

Together, the organization will invest in:

- Expanded manufacturing capacity
- Strategic warehouse growth
- Advanced remanufacturing technologies
- New product introductions
- OEM and dealer partnerships
- Industry-leading customer support

Our Vision is Simple

To become North America's most trusted powertrain partner by delivering the broadest product offering, unmatched availability, superior technical expertise, and exceptional customer service across both the United States and Canada.
