

### FEATURES BENEFITS

- All units are completely disassembled and inspected for defects and wear issues
- All seals are replaced with new seal kits that meet or exceed OE specifications
- 100% new bearings and bushings are used to ensure proper performance
- Only trained technicians are used to reset each unit to factory specifications.
- 100% Dyno tested - checking input effort, potential leaks and steering smoothness.

## Power Steering Gears and Pumps

### Need the Right Power Steering Part or Accurate Technical Diagnosis?
